Door Numbers

We decided on the Black and white one over the black and yellow.

Kegerator

True Brand 2580.81 POSSIBLE

Beverage Air 2641.14 EH.

Nor Lake 2191.51 + about 150 for wheels? "casters" POSSIBLE

Installation is 260

Shipping was not specified on the stuff.

All in all, any of the three are going to be about 3000 dollars.

So, how are we going to pay for it?

DHC won't help

DAA has the bar fund

The rest of the money is going to come from our savings

We discussed: How do we make sure that we don't spend more money than we safely should?

Matt Malecha offered to look up the balances in the checking and savings accounts, so he's going to do that.

Tyler wants to buy glowing fish for the bar.

Matt Malecha brings back news that we have less money than we might think

Idea: We're going to split the costs 50/50 between KHK savings and the DAA barfund.

Expecting \$1500 from each.

So the next issue is that we need to pick which one we want.
Steve suggests we talk to previous owners.
We want something sturdy.

We're focusing on Truebrand and Norlake.
Expected for next meeting – another pricing and a little bit more about availability

AT&T vs Charter

Business accounts from charter
They bring all the hardware, No bandwidth limits because it's business
Suggested from charter: Get TV on a home account, and get phone/internet from the business account

Banquet: Bonfyre : It's going to be about 35 per person.

Meeting Adjourned – 7:58 PM
